Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents and Trademarks

Primary Examiner  
Art Unit: 2857

Art Unit: 2857

1. The reply filed on 2-27-02 is not fully responsive to the prior Office Action

because of the following omission(s) or matter(s):

a) The amendments to pages 1 and 78 of the specification are improper

under 37 C.F.R. 1.121 because no marked-up copies of these specification

amendments were provided. Appropriate correction is required.

b) The Applicant's claim amendments and additions have introduced a

number of improper multiple dependent claims in the application. Claims 8-10, 12-17,

19-21, 23-25 and 131-146 are objected to under 37 CFR 1.75(c) as being in improper

form because a multiple dependent claim should refer to other claims in the alternative

only. See MPEP § 608.01(n). Accordingly, these claims therefore cannot be further

treated on the merits. In addition, as at least several of those dependent claims noted

above were previously objected to under 37 C.F.R. 1.75(a) (see paragraph 4 of the

previous Office action) appropriate correction to those previously objected dependent

claims was not made because of the improper multiple dependent claim problem that

now exists in those claims. Appropriate correction is required.

2. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*,

applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this

notice, whichever is longer, within which to supply the omission or correction in order to

avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED

UNDER 37 CFR 1.136(a).
